INSTALLATION NOTE:

Before cutting any of your carpet please inspect it to ensure it is the correct pattern, style, color, and size. Please review the dye lot of each roll. Rolls from different dye lots should not be installed side by side as shade differences may exist. Please inspect your carpet for visible defects. If there are any questions or problems do not cut the carpet. Supplier will not be responsible for carpet cut or installed with visible defects. Carpet must be installed by a qualified installer, in accordance with The Carpet and Rug Institute's Standard for Installation CRI 104. Supplier cannot be responsible for installation related deficiencies.
